MEMORANDUM FOR [Redacted]

25X1

SUBJECT: Risk Reduction Centers

As promised at our meeting of 16 April 1985, enclosed is a non-paper on nuclear risk reduction centers. This paper presents our understanding of Senators Nunn and Warner's thinking on risk reduction centers and our preliminary, working level views of the proposal.

Also enclosed is the Status Report on existing and proposed confidence building measures, which we volunteered to provide. As outlined in this Report, the U.S. has a number of important proposals to reduce the risk of inadvertent war. [on the table.]

We hope these papers will be helpful to you. We look forward to working cooperatively with you on this project.
